AZ CORP COMMISSION  
DOCKET CONTROL

IN THE MATTER OF THE APPLICATION OF  
ARIZONA-AMERICAN WATER COMPANY,  
AN ARIZONA CORPORATION, FOR A  
DETERMINATION OF THE CURRENT FAIR  
VALUE OF ITS UTILITY PLANT AND  
PROPERTY AND FOR INCREASES IN ITS  
RATES AND CHARGES BASED THEREON  
FOR UTILITY SERVICE BY ITS AGUA FRIA  
WATER DISTRICT, HAVASU WATER  
DISTRICT, MOHAVE WATER DISTRICT,  
PARADISE VALLEY WATER DISTRICT, SUN  
CITY WEST WATER DISTRICT, AND TUBAC  
WATER DISTRICT.

DOCKET NO. W-01303A-08-0227

Arizona Corporation Commission  
**DOCKETED**

JUN 20 2008

IN THE MATTER OF THE APPLICATION OF  
ARIZONA-AMERICAN WATER COMPANY,  
AN ARIZONA CORPORATION, FOR A  
DETERMINATION OF THE CURRENT FAIR  
VALUE OF ITS UTILITY PLANT AND  
PROPERTY AND FOR INCREASES IN ITS  
RATES AND CHARGES BASED THEREON  
FOR UTILITY SERVICE BY ITS MOHAVE  
WASTEWATER DISTRICT

DOCKET NO. SW-01303A-08-0227

**RESPONSE TO DEFICIENCY LETTER  
BY  
ARIZONA-AMERICAN WATER COMPANY**

On May 1, 2008, Arizona-American Water Company ("Arizona-American") filed an application with the Commission seeking rate increases for ten of its operating districts ("Application"). On June 2, 2008, the Commission's Utilities Division Staff ("Staff") filed a Letter of Insufficiency ("Deficiency Letter") in the above-captioned case which stated that the

1 Application did not meet the sufficiency requirements as outlined in Arizona Administrative  
2 Code R14-2-103. Arizona-American hereby responds to the Deficiency Letter.

3 The Deficiency Letter lists deficiencies by Arizona-American's operating districts, except  
4 for the engineering deficiencies which are grouped together. In addition, the Deficiency Letter  
5 states that the Commission Staff has "serious concerns with ... the inclusion within the filing of  
6 applications for ... Anthem Water, Anthem Wastewater, and Agua Fria Wastewater."

7 On June 5, 2008, Arizona-American met with the Staff to discuss Staff's concerns about  
8 the inclusion of Anthem Water, Anthem Wastewater, and Agua Fria Wastewater Districts in the  
9 Application. During the June 5 meeting, Staff recommended, and Arizona-American agreed, to  
10 remove from the Application its request for rate increase for Anthem Water, Anthem  
11 Wastewater, and Agua Fria Wastewater Districts.

12 Arizona-American provides the attached documents in response to the deficiencies listed  
13 in the Deficiency Letter and recommendation provided by Staff during the June 5 meeting:

- 14 A. Agua Fria Water Deficiency Responses;
- 15 B. Tubac Water Deficiency Responses;
- 16 C. Sun City West Water Deficiency Responses;
- 17 D. Mohave Water Deficiency Responses;
- 18 E. Mohave Wastewater Deficiency Responses; and
- 19 F. General Engineering Deficiency Responses.

20 Arizona-American is separately filing today a revised application and supporting  
21 testimony, which no longer includes the Anthem Water, Anthem Wastewater, and Agua Fria  
22 Wastewater Districts. Because these districts have been removed, Arizona-American is not  
23 responding to any deficiency issues concerning these districts.

1                   **RESPECTFULLY SUBMITTED** on June 20, 2008.

**Agua Fria Water**

1. The following rate schedule tariff amounts provided in the application on schedule H-3 could not be traced to a docketed tariff schedule or the previous rate case Commission Decision No. 67093 or ACRM Decision No. 68825.

- a) C2M3 Arizona Water Contract \$0 base charge, 1.78 first 8,000 gallons / 2.24 > 8K
- b) C4M2 Agua Fria OPA \$191.75 base charge, \$1.93 for all usage
- c) B6MO4 Private Fire 4-inch \$35.22 base charge, no volume charge
- d) E6MO6 Private Fire 6-inch \$126.60 base charge, no volume charge
- e) C7M2 Agua Fria Irrigation Raw \$0 base charge, \$0.50 for all usage

**Arizona-American Response:**

- a) C2M3 is the Company's internal rate schedule name for the rate we charge Arizona Water for the Emergency Connections Agreement, as amended. Please see Agua Fria Attachment #1a for a copy of the Amendment 1 to Emergency Connections Agreement.
  - b) C4M2 is the Company's internal rate schedule name for the rate we charge Perryville Prison 4" meter. It is on the G-1 tariff schedule called Prison 4".
  - c) B6MO4 is a Sun City West Water private fire rate. There is an Agua Fria customer that is getting charged this rate in error. It appears on the H-3 in order to be used on the H-5 to tie out to the test year Present Rate revenue.
  - d) E6MO6 is an Anthem Water private fire rate. There is an Agua Fria customer that is getting charged this rate in error. It appears on the H-3 in order to be used on the H-5 to tie out to the test year Present Rate revenue.
  - e) C7M2 is a Rate Schedule that has been cancelled. It has been replaced with C8M2, the Non-Potable rate of \$0.62 which is in the NP-1 tariff.
- See Agua Fria Attachment #1 for corrections to Schedule H-3 for items a-e above.

2. The following rates on schedule H-3 do not agree with the filed tariff schedule as the application excludes the commodity rate shown here in bold.

- a) C6MO4      \$27.25 base charge and \$1.38 commodity charge (all usage)
- b) C6MO6      \$40.86 base charge and \$1.38 commodity charge (all usage)
- c) C6MO8      \$54.48 base charge and \$1.38 commodity charge (all usage)
- d) C6MO12     \$163.44 base charge and \$1.38 commodity charge (all usage)

**Arizona-American Response:**

- a) through d) The revised Schedule H-3, attached as Agua Fria Attachment #2 includes the commodity charge for the Private Fire Service rates identified above. Please note there were no commodity volumes in the test year for these rates.

3. The 6-Inch service installation charge as per the tariff schedules should be \$6,020, not \$1,630 as shown on the application on H-3.

**Arizona-American Response:**

*The 6-inch Service Installation Charge of \$1,610 for turbine and \$1,630 for compound meters was authorized in Decision No. 68183 issued September 30, 2005. Attached as Agua Fria Attachment #3 is the current tariff page, filed on October 11, 2005 in compliance with Decision 68183.*

4. The application schedule H-3 contains service installation tariffs for 3-, 4-, and 6-inch turbine meters. Tariff schedule 10a dated 7/1/04 contains no such tariffs.

	Per H-3	Per Tariff
a) 3-inch turbine	\$745	\$765 (agrees w/application for compound)
b) 4-inch turbine	\$1090	\$1120 (agrees w/application for compound)
c) 6-inch turbine	\$1,630	\$6,020

**Arizona-American Response:**

*a) through c) The Agua Fria tariff dated 7/1/04 for service line and meter installations has been superseded by Decision No. 68183 issued September 30, 2005. The installation charges in Schedule H-3 are the same as authorized in Decision 68183. See Agua Fria Attachment #3 referenced above for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

5. The application schedule H-3 contains meter installation tariffs for 2-, 3-, 4-, and 6-inch turbine meter installations. The tariff schedule 10a dated 7/1/04 contains no such tariffs.

	Per H-3	Per Tariff
d) 3-inch turbine	\$1420	\$2195 ( agrees w/application for compound)
e) 4-inch turbine	\$2270	\$3145 ( agrees w/application for compound)
f) 6-inch turbine	\$4425	\$6120 (agrees w/application for compound)

**Arizona-American Response:**

*d) through f) The Agua Fria tariff dated 7/1/04 for service line and meter installations has been superseded by Decision No. 68183 issued September 30, 2005. The installation charges in Schedule H-3 are the same as authorized in Decision 68183. See Agua Fria Attachment #3 referenced above for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

**Tubac Water**

1. Per schedule H-3 rate schedule F2M1C is a commercial meter whereas per schedule H-2 and H-5 rate schedule F2M1C is residential.

**Arizona-American Response:**

*Schedule H-2, Schedule H-3, and Schedule H-5 have been revised to show rate schedule F2M1C as a Commercial class of customer. Revised copies of Schedule H-2, Schedule H-3, and Schedule H-5 reflecting the correction of rate schedule F2M1C are attached as Tubac Attachment #1.*

2. The application schedule H-3 shows service installation charges for 1-inch of \$660 (\$420+\$240) while the tariff schedule shows \$600.

**Arizona-American Response:**

*The tariff for service line and meter installations for the Tubac district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The installation charges in Schedule H-3 are the same as authorized in Decision 68183. See Tubac Attachment #2 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

3. The application schedule H-3 includes service and meter installation charges for 3-inch, 4-inch, 6-inch, and over 6-inch meters which are not included in the tariff schedule 2a dated 7/1/04. The tariff schedule states instead that all charges are to be equal to actual total costs of installation.

	Per H-3	Per Tariff
Service Installations		
3 -Inch turbine	\$745	All meters > 2-inch charge to be of installation.
3-inch compound	\$765	
4-inch turbine	\$1090	
4-inch compound	\$1120	
6-inch turbine	\$1610	
6-inch compound	\$1630	
Meter Installations		
3-Inch turbine	\$1420	
3-inch compound	\$2195	
4-inch turbine	\$2270	
4-inch compound	\$3145	
6-inch turbine	\$4425	
6-inch compound	\$6120	

**Arizona-American Response:**

*The tariff for service line and meter installations for the Tubac district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The installation charges in Schedule H-3 are the same as authorized in Decision 68183. See Tubac Attachment #2 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

4. F1M1A: Under the second tier it should read 20,000 gals.

**Arizona-American Response:**

*The Schedule H-3 has been revised to show the second block as 4,001 to 20,000 gallons.*

5. F1M1B, F1M1D, F1M1E should be changed to Commercial.

**Arizona-American Response:**

*The F1M1B, F1M1D, F1M1E are residential rates. Internal Company rate schedule designations that begin with a "1" in the second place signifies the rate schedule is a Residential Rate Schedule. The tariff says the rates are available to both Residential and Commercial customers, so we need a 1 inch meter rate for both Residential and Commercial, F1M1B and F2M1B, respectively and so forth for F1M1D and F1M1E. The purpose of showing the internal Company rate schedule on Schedule H-3 is to enable an auditor to follow the Schedule H-3 to the Schedule H-5 pages which are shown by rate schedule.*

6. The 4-inch 6-inch 8-inch Meter were omitted, they need to be listed according to tariff schedule 1 dated 7/1/04.

**Arizona-American Response:**

*Schedule H-3 has been revised to include these rates on which the Company does not presently have any customers. See Tubac Attachment #1.*

7. Under Service & Meter Installation Charges: The total for both meter and service installation charges would need to be combined to reflect tariff schedule 2a dated 7/1/04.

**Arizona-American Response:**

*The tariff for service line and meter installations for the Tubac district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The installation charges in Schedule H-3 are the same as authorized in Decision 68183. See Tubac Attachment #2 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

8. According to tariff schedule 2a dated 7/1/04,

**Arizona-American Response:** *No response required as there is no question stated.*

9. Regarding the 2-inch meter size: \$2,220.00 is for the compound and not the turbine. This is in line with item #3 listed above.

**Arizona-American Response:**

*The tariff for service line and meter installations for the Tubac district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The service line and meter installation charges in the revised Schedule H-3 are the same as authorized in Decision 68183. See Tubac Attachment #2 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

**Sun City West Water**

1. The rates on Schedule H-3 for the lines indicated below are not consistent with approved rates on file as indicated below:

Line	Description	Block	Base Charge	Volume Charge
1	Residential 5/8 & 3/4	First 4,000 gal	\$5.87	\$0.8500
2		Next 15,000 gal		\$1.2850
3		Infinite		\$1.5510
4	Residential 1-inch	First 40,000 gal	\$14.97	\$1.2850
5		Infinite		\$1.5510
6	Residential 1.5-inch	First 100,000 gal	\$32.08	\$1.2850
7		Infinite		\$1.5510
8	Residential 2-inch	First 150,000 gal	\$47.05	\$1.2850
9		Infinite		\$1.5510
10	Residential 3-inch	First 275,000 gal	\$81.26	\$1.2850
11		Infinite		\$1.5510
12	Residential 4-inch	First 400,000 gal	\$120.82	\$1.2850
13		Infinite		\$1.5510
14	Commercial 5/8 & 3/4	First 15,000 gal	\$5.87	\$1.2850
15		Infinite		\$1.5510
28	Private Fire 4-inch	Infinite	\$35.22	\$1.09
29	Private Fire 6-inch	Infinite	\$52.84	\$1.09
30	Private Fire 8-inch	Infinite	\$70.45	\$1.09

**Arizona-American Response:**

*Schedule H-3 has been revised to show the Present Rate and the ACRM Surcharge separately. See Sun City West Water Attachment #1.*

2. The rates on Schedule H-3 for the following do not exist in the present tariff: Commercial Meter Sizes 1-inch, 2-inch, 3-inch, 4-inch and 6-inch which are referenced in Line's 16 thru 27 of Schedule H-3.

**Arizona-American Response:**

*The tariff for the Sun City West Water district was authorized by the ACC in Decision No. 69181 issued December 5, 2006. The commercial charges for the 1", 2", 3", 4", and 6" in the revised Schedule H-3 are consistent with the rates authorized in Decision 69181. See Sun City West Water Attachment #2 for a copy of the current tariffs filed in compliance with Decision No. 69181 on December 12, 2006.*

3. The H-3 schedules are lacking rates reflected in the approved tariff for the following Meter Sizes and must be added:

Meter Size	Block	Base Charge	Volume Charge
6-inch	550,000	\$165.73	\$1.2850
	Infinite		\$1.5510
8-inch	1,300,000	\$374.23	\$1.2850
	Infinite		\$1.5510
10-inch	-		
12-inch	-		
Private Fire	Infinite	\$131.72	\$1.09
10-inch			

Also, H-3 doesn't include rates for construction/untreated CAP, effluent sales, effluent credit sales ES-1, groundwater withdrawal fee, and groundwater savings fees. These are all present in the tariff but not shown in H-3.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the construction/untreated CAP, effluent sales, effluent credit sales ES-1, groundwater withdrawal fee, and groundwater savings fees. See Sun City West Water Attachment #1.*

4. Service Line and Meter Installation Charges on Schedule H-3 are shown by component and the approved tariffs show the amounts in total as indicated below:

Meter Size	Rate
5/8-inch	\$500.00
3/4-inch	\$575.00
1-inch	\$660.00
1.5-inch	\$900.00
2-inch	\$2220.00
Over 2-inch-charges are to be equal to actual total costs of installation.	

**Arizona-American Response:**

*The tariff for service line and meter installations for the Sun City West Water district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The service line and meter installation charges in the revised Schedule H-3 are the same as authorized in Decision 68183. See Sun City West Water Attachment #3 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

**Mohave Water**

1. Schedule H-3 page 1, lines 39 through 44 reflect rates that are not approved in Decision No. 69440:

Rate	Base Charge	Volume Charge
BHC Veteran Memorial - 5/8 inch meter	-	First 500,000 gals \$1.300000 Over 500,000 gals \$1.500000
Havasu Commercial 2-inch	\$39.88	First 60,000 gals \$1.555000 Over 60,000 gals \$1.870000
Havasu Commercial 4-inch	\$68.64	First 110,000 gals \$1.555000

**Arizona-American Response:**

*Schedule H-3 has been revised to show the BHC Veteran Memorial account without a meter size as it has a contract rate with no meter charge. The Havasu Commercial 2" and 4" descriptions have been corrected to reflect them as Gateway commercial customer accounts. See Mohave Attachment #1.*

2. The following are included on the approved tariff but are missing from schedules H-3 Page 1:

Fire:	
12-inch	\$17.80
14-inch	\$20.78
20-inch	\$29.69
Public Sprinkler Head	\$ 0.51

**Arizona-American Response:**

*Schedule H-3 has been revised to add the missing fire and public sprinkler head data referred to above. See Mohave Attachment #1.*

3. Schedule H-3, page 2: In decision 69440 the service line and meter installation charges are not separated as indicated on Schedule H-3 as shown below:

Service & Meter Installation Charges

5/8-inch x 3/4-inch Meter	\$500.00
3/4-inch Meter	575.00
1-inch Meter	660.00
1 1/2-inch Meter	900.00
2-inch Turbine Meter	1,525.00
2-inch Compound Meter	2,220.00
3-inch Turbine Meter	2,165.00
3-inch Compound Meter	2,960.00
4-inch Turbine Meter	3,360.00
4-inch Compound Meter	4,265.00
6-inch Turbine Meter	6,035.00
6-inch Compound Meter	7,750.00

**Arizona-American Response:**

*The Company filed a corrected version of its Mohave Water district's service line and meter installation tariff on May 22, 2007, a copy of which is attached herewith. See Mohave Attachment #2.*

4. Schedule H-3, page 2 lacks reference to Miscellaneous rates that are included in Decision No. 69440.

Maximum charge for water and sewer Establishment or re-establishment including sewer	\$40.00 (company indicated \$20.00)
Included as part of establishment of sewer utility	\$20.00
Disconnection of Water Utility Service	\$25.00
Deposit Requirement (Residential)	*
Deposit Requirement (non-residential)	*
Deposit Interest	*
Deferred Payment, Per month	1.50%
Charge for moving customer meter Customer requested per Rule R14-2-405B	cost
Late Charge per month	1.50%

\* Per Commission ACC R14-2-403.B

**Arizona-American Response:**

*Schedule H-3 has been revised to add the missing data applicable to Miscellaneous rates referred to above. See Mohave Attachment #1.*

**Mohave Wastewater**

Schedule H-3 page 1 includes Rate P2MS4, Mohave Sewer Comm. LG, All Usage, rate of \$64.00 which was not approved in Decision No. 69440 and reflected on approved tariffs.

**Arizona-American Response:**

*P2MS4 Mohave Sewer Comm. LG is the rate schedule for two Mohave Wastewater customers whose rate was not changed in conjunction with the last rate decision in error. i.e. the customers are being charged an incorrect rate. It appears on the Schedule H-3 to be used on the Schedule H-5 to tie out to the test year Present Rate revenue.*

**Havasu Water**

1. Schedule H-3 page 1 lines 1 through 8 should reflect the current tariff charges per Decision No. 67093 Sheet No. 1.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the Present Rate and the ACRM Surcharge separately. See Havasu Water Attachment #1. (The tariff for the Havasu Water district was authorized by the ACC in Decision No. 69181 issued December 5, 2006. The revised Schedule H-3 rates are consistent with the rates authorized in Decision 69181. See Havasu Water Attachment #2 for copies of the current tariffs filed in compliance with Decision No. 69181 on December 12, 2006 (initial tariff filing), December 19, 2006 (revised tariff G-1 page 1 and 1a filing) and February 16, 2007 (revised G-1 page 1a filing).)*

2. Schedule H-3 page 1 - lines 9 through 32 should reflect the current tariff charges per Decision No. 67093 Sheet No. 1.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the meter sizes that were previously omitted. See Havasu Water Attachment #1. (The tariff for the Havasu Water district was authorized by the ACC in Decision No. 69181 issued December 5, 2006. The revised Schedule H-3 rates are consistent with the rates authorized in Decision 69181. See Havasu Water Attachment #2 for copies of the current tariffs filed in compliance with Decision No. 69181 on December 12, 2006 (initial tariff filing), December 19, 2006 (revised tariff G-1 page 1 and 1a filing) and February 16, 2007 (revised G-1 page 1a filing).)*

3. Schedule H-3 page 2 - lines 11 through 15 for meter installations should reflect the correct charges as listed in the tariff per Decision No. 67093 Sheet No. 4a.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the meter sizes that were previously omitted per discussions with ACC Staff. The tariff for service line and meter installations for the Havasu Water district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The service line and meter installation charges in the revised Schedule H-3 are the same as authorized in Decision 68183. See Havasu Water Attachment #1 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

4. Schedule H-3 page 2: No installation charges should be listed for lines 16 through 23. Replace with wording as listed in the tariff per Decision No. 67093 Sheet No. 4a.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the meter sizes that were previously omitted per discussions with ACC Staff. The tariff for service line and meter installations for the Havasu Water district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The service line and meter installation charges in the revised Schedule H-3 are the same as authorized in Decision 68183. See Havasu Water Attachment #1 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

5. Schedule H-3 page 2, Remove lines 31 through 38 to reflect tariff amounts.

**Arizona-American Response:**

*Schedule H-3 has been revised to show the meter sizes that were previously omitted per discussions with ACC Staff. The tariff for service line and meter installations for the Havasu Water district was authorized by the ACC in Decision No. 68183 issued September 30, 2005. The service line and meter installation charges in the revised Schedule H-3 are the same as authorized in Decision 68183. See Havasu Water Attachment #1 for a copy of the current tariffs filed in compliance with Decision No. 68183 on October 11, 2005.*

6. Schedule H-3 page 2 - line 3 show \$34.00. Replace with current tariff charge of \$35.00 per Decision No. 67093 Sheet No. 4.

**Arizona-American Response:**

*Schedule H-3 has been revised to correct the current tariff charge for Establishment, Re-establishment and/or Reconnection – Non Business Hours to \$35. See Havasu Water Attachment #1.*

7. Schedule H-3 page 2 - Note lines 0 through 23 are not in alignment, creating incorrect totals.

**Arizona-American Response:**

*Schedule H-3 has been revised to correct the format of page 2 to correct the alignment. See Havasu Water Attachment #1.*

**Engineering Oriented Deficiencies**

1. The requested water usage data is, incomplete. The usage data should be submitted on an individual system basis instead of on an aggregate district basis. Therefore, the Company should resubmit the individual system water usage data for six systems (08-032, 08-062, 08-137, 08-037, 08-163 & 08-333) in Mohave Water District; three systems (07-531, 07-695 & 07-080) in Agua Fria Water District. The requested water usage data for each system should include, but is not limited to, monthly water sold (in gallons), monthly water pumped (in gallons), monthly number of customers, well production (in gallons per minute), and storage tank capacity (in gallons).

**Arizona-American Response:**

*The Company has revised the water use data sheets to comply with the Commission's requirement to provide water usage by public water system identification number. See attachment Engineering Oriented Deficiencies #1.*

2. The monthly wastewater flow data for each system should include, but is not limited to, number of customers, monthly flow (in gallons) and monthly peak day flow (in gallons). The submitted wastewater flow data in the application represents aggregate District wastewater flow not individual system flows. Therefore, the Company should provide wastewater flow data for two systems (Wishing Well system & Arizona Gateway system) in the Mohave Wastewater District and three systems (Verrado system, Russell system and Agua Fria Northeast system) in Agua Fria Wastewater District.

**Arizona-American Response:**

*The Company has revised the monthly wastewater flow data to provide the flow data for the Mohave Wastewater district systems. See attachment Engineering Oriented Deficiencies #2.*

**Staff Informal Requests:** Since the Deficiency Letter was docketed, Staff has also made the following requests:

<b><u>Staff Request</u></b>	<b><u>Arizona-American Response</u></b>

**AMENDMENT I  
TO  
EMERGENCY CONNECTIONS AGREEMENT**

THIS AMENDMENT I TO EMERGENCY CONNECTIONS AGREEMENT is made and entered into this 1st day of MARCH 2006, by and between ARIZONA AMERICAN WATER COMPANY, an Arizona corporation ("AAWC"), and ARIZONA WATER COMPANY, an Arizona corporation, (the "Company").

**RECITALS**

WHEREAS on October 15, 1999, Citizens Utilities Company ("Citizens") and the Company entered into an Emergency Connections Agreement (the "Agreement") under the terms of which Citizens and the Company agreed that certain existing emergency connections may be used for the purpose of providing water to each other on an emergency basis under the terms and conditions of the Agreement; and

WHEREAS AAWC is the successor in interest to Citizens; and

WHEREAS AAWC and the Company desire and are agreeable to making certain changes to the Agreement as provided below.

NOW, THEREFORE, in consideration of the foregoing, AAWC and the Company agree as follows:

1. Paragraph 1 of the Agreement, "The Emergency Connection" is hereby amended to read as follows:

- a. The Emergency Connection of AAWC, through which the Company may request water deliveries from AAWC under the terms and conditions of the Agreement, will now be located as set forth in Exhibit A to this Amendment I.
- b. The relocation of AAWC's Emergency Connection shall be completed by the Company within sixty (60) days of the date first written above. AAWC shall have the right to inspect The Emergency Connection at any time at its expense.

2. In all other respects, the terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF the parties hereunto have set their hands as of the date first written above.

ARIZONA AMERICAN WATER

## Arizona Water Company Emergency Connection at Water Plant 9 Distribution Piping

Joe –

In November, 2004 Arizona Water Company (AWC) visited our offices to discuss adding an emergency connection near WP9. After much discussion, the Contract Amendment is attached, and is ready to be executed by AAW.

Some details regarding the agreement that should be noted –

- 1) We have an existing emergency connection meter (no. S57647) with AWC. I checked with our billing department, and this meter was not used last summer. The meter appears to be used for emergencies only, not for peaking during the summer.
- 2) AWC will install the meter vault, and AAW will inspect the installation. AAW has no material costs related to this project, only the labor costs of executing this agreement and for inspection.

If you agree with the execution of this contract amendment, please forward the attachments to Rob Kuta for signature and return the executed copies back to me for distribution and filing. If you have any questions, please stop by my office.

**RE: Emergency Connections Agreement, dated December 8, 1999,  
between Citizens Utilities Company and Arizona Water Company  
(the "Agreement")**

Dear Mr. Livingston:

Citizens Communications Company (formerly known as Citizens Utilities Company) has entered into an Asset Purchase Agreement (the "Purchase Agreement") with American Water Works Company, Inc. and Arizona-American Water Company ("AWW"), pursuant to which Citizens will transfer to AWW substantially all of Citizens' assets used in the business of storing, supplying, distributing and selling water to the public, wholesale water transmission, wastewater treatment, and related services and activities in certain areas of the State of Arizona, including its rights under the Agreement.

This letter is to request your consent to the assignment by Citizens of all of its right, title and interest in and under the Agreement to Arizona-American Water Company. The assignment will be effective as of the date of completion of the transactions contemplated by the Purchase Agreement (the "Closing Date"). Upon such assignment, Citizens shall automatically be released from all of its obligations and liabilities under the Agreement attributable to events or circumstances occurring from and after the Closing Date, and Arizona-American Water Company will automatically be deemed to have accepted such assignment and assumed all of the duties and obligations of Citizens under the Agreement arising from events or circumstances occurring from and after the Closing Date. Citizens shall remain responsible for all obligations and liabilities under the Agreement arising from events or circumstances occurring before the Closing Date.

Citizens requests that you signify your approval and confirmation of the terms above by executing this letter and returning it to the undersigned in the enclosed self-addressed, stamped envelope. Your prompt reply will be greatly appreciated.

Mr. James R. Livingston  
February 2, 2001

# EMERGENCY CONNECTIONS AGREEMENT

This Emergency Connections Agreement (the "Agreement") is made as of the \_\_\_\_ day of October 1999 between CITIZENS UTILITIES COMPANY, a Delaware corporation ("Citizens") and ARIZONA WATER COMPANY, an Arizona Corporation (the "Company").

## RECITALS

A. Citizens is a public service corporation engaged in the business of producing, distributing, and selling water, and is subject to the jurisdiction of the Arizona Corporation Commission (the "Commission"). Citizens' water system is in an area near the Company's White Tank water system.

B. The Company is a public service corporation engaged in the business of producing, distributing, and selling water in the White Tank area and environs, and is also subject to the jurisdiction of the Commission.

C. Neither the Company nor Citizens is obligated by its tariffs or otherwise to furnish water for resale or sell water to each other for emergency purposes, and neither the Company nor Citizens undertakes hereby to devote any of its facilities or resources to furnishing or selling water to each other for resale or emergency purposes on a regular or permanent basis; but the Company and Citizens desire and are agreeable to using certain existing emergency connections (the "Emergency Connections") for the purpose of providing water to each other on an emergency basis under the terms and conditions of this Emergency Connections Agreement, and

D. In consideration of the premises, mutual covenants, promises, and conditions set forth in this Agreement, and for other good, valuable, and adequate consideration, the parties are incorporating herein the terms and conditions under which the Emergency Connections are to be used and agree as follows:

1. The Emergency Connections. The Emergency Connections are installed and located as set forth in Exhibit A to this Agreement, which by this reference is incorporated herein.

Water delivered pursuant to this Agreement shall be measured and recorded by water meters with the capability of measuring the expected range of flows within  $\pm 3\%$  accuracy.

2. Ownership of the Emergency Connections. The Company owns and agrees to maintain those portions of the Emergency Connections consisting of its water meter and all other facilities necessary to provide emergency service to the point of delivery to Citizens from the Company's water system. Such facilities were installed previously, however, Citizens will bear the cost of additional facilities required to provide emergency service to Citizens.

Citizens agrees to reimburse the Company for any such additional installation cost within fifteen (15) days of being billed for such cost by the Company.

Citizens owns and agrees to maintain those portions of the Emergency Connections consisting of its water meter and all other facilities necessary to provide emergency service to the point of delivery to the Company from Citizens' water system, except for those facilities owned by the Perryville Prison for which Citizens has no ownership or maintenance obligation. Such facilities were installed previously, however, the Company will bear the cost of additional facilities required to provide emergency service to the Company. The Company agrees to reimburse Citizens for any such additional installation costs within fifteen (15) days of being billed for such costs by Citizens.

3. Backflow Prevention. If the Company, Citizens, the Arizona Department of Environmental Quality, or any other agency having jurisdiction should require the installation of a backflow prevention device, such device, of a type and design acceptable to the Company and Citizens shall be installed on the emergency service recipient's side of the Emergency Connections, and maintained in proper operating condition by and at the expense of the emergency service recipient.

4. Maintenance of the Emergency Connections. Citizens will perform, or arrange for, all necessary maintenance of those portions of the Emergency Connections which Citizens owns, and the Company shall reimburse Citizens for such costs.

The Company will perform, or arrange for, all necessary maintenance of those portions of the Emergency Connections which the Company owns, and Citizens shall reimburse the Company for such costs.

5. Delivery of Water. The Emergency Connections will normally be off. Citizens and the Company agree that each party may request water deliveries from the other party pursuant to this Agreement only in case of temporary emergencies such as a water shortage or failure of or defect in its wells, pumping, or related equipment and facilities, which failure or defect the party requesting emergency service agrees to repair or correct as promptly as possible. Either party may request delivery of water through the Emergency Connections by contacting the other party as follows:

Arizona Water Company

Telephone: (520) 836-8785  
Fax: (520) 836-2850  
Pager: (520) 426-5764  
Cell Phone: (520) 709-1774

Citizens Utilities Company

Telephone: (623) 815-3110  
Fax: (623) 933-0032  
Pager: (602) 240-4287  
Cell Phone: (602) 319-0226

The party requesting emergency service agrees to advise the party providing emergency service of the date and time that emergency service is requested to be established, the estimated flow rate of water to be delivered, expressed in gallons per minute and the expected duration of water deliveries needed to satisfy such temporary emergency. When water deliveries are to

cease, the party requesting emergency service will advise the party providing emergency service of the date and time that the party providing emergency service is requested to turn off the Emergency Connections.

The party providing emergency service will only provide such water at such pressures as may be available from time to time from its water system. Water delivered by the party providing emergency service may without notice be limited, curtailed, or terminated by the party providing emergency service, if it determines, in its sole judgment, that conditions within its water system warrant such limitation, curtailment, or termination.

6. Accounting for Water Delivered. The water furnished by the party providing emergency service through the Emergency Connections shall be measured through its water meter which will be read by the party providing emergency service upon the commencement and discontinuance of deliveries for and each month in which water is delivered. The party providing emergency service will bill the party receiving such emergency service through the Emergency Connections monthly for any water delivered, with no minimum monthly charge or service charge. All such bills will be computed under the emergency service provider's commodity rates on file with the Commission. Payment for water delivered shall be paid within fifteen (15) days of the date of mailing a bill therefor.

7. Indemnification. Citizens and the Company hereby mutually release and agree to indemnify, hold harmless and defend each other's directors, officers, employees, agents, and contractors from and against any claim, cause of action, or any liability, loss, damage, or expense, including reasonable attorney's fees, which the party providing emergency service may incur or suffer by reason of any claim asserted by or on behalf of the party receiving emergency service, the public, or other person or entity directly or indirectly arising from this Agreement, or relating to any water or water deliveries furnished pursuant to this Agreement.

8. Continuation of Agreement. Subject to the provisions of Section 5 of this Agreement, and provided that both parties comply with and perform all of the terms and conditions required of them under this Agreement and as set forth in both parties' tariff schedules and rules as approved by the Commission, this Agreement shall remain in effect until terminated by either party hereto upon thirty (30) days' written notice given to the other party. The Company acknowledges that water deliveries to the Company are contingent upon Perryville Prison granting permission for use of certain facilities owned by the Prison. Citizens acknowledges that Perryville Prison has granted such permission. The loss of such permission may result in Citizens losing the ability to provide emergency service to the Company through the Emergency Connections. Citizens agrees to promptly notify the Company should Citizens lose permission to use such Prison facilities.

This Agreement may be modified as mutually agreed in writing by the parties hereto. This Agreement supersedes and replaces the May 8, 1996 Emergency Connection Agreement between Citizens and the Company.

9. Removal of Emergency Connections. Upon termination of this Agreement, the Company may remove all or a part of the facilities comprising its portion of the

Emergency Connections necessary to provide emergency service to Citizens. Citizens shall pay the cost of such removal within fifteen (15) days of presentation of an invoice by the Company therefor. Likewise, Citizens may remove all or a part of the facilities comprising its portion of the Emergency Connections necessary to provide emergency service to the Company. The Company shall pay the cost of such removal within fifteen (15) days of presentation of an invoice by Citizens therefor.

10. Assignment. Both parties agree that this Agreement and any rights arising under or by virtue of this Agreement shall not be assigned or transferred by either party, and this Agreement shall not inure to the benefits of any successor, assignee, or transferee of either party, without the prior written consent of the other party.

11. Notices. Written notices, including correspondence and invoices, shall be sent by first-class mail, addressed and delivered as set forth below:

Company: President  
Arizona Water Company  
3805 North Black Canyon Highway  
P.O. Box 29006  
Phoenix, Arizona 85038-9006

Citizens: Citizens Utilities Company  
Attn: Mr. Ray L. Jones  
Vice President and General Manager  
P.O. Box 1687  
Sun City, Arizona 85372-1687

12. Attorney Fees. If either party to this Agreement brings suit to enforce or to recover damages for the breach of any term, covenant, or condition contained herein, the prevailing party shall be entitled to attorney's fees in addition to the amount of any judgment and costs.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed by its respective duly authorized officers as of the date first written above.

**Terms and Conditions**

Service discontinued for delinquency of bills will be restored only after all due bills are paid in full, redeposit made, if required, and a service charge of \$25.00 paid for each service re-established during regular working hours. A \$40.00 service charge will be made for each service re-establishment during the Company's non-regular working hours.

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from service under this Schedule, or on the basis of the service provided or the volume of water produced, purchased or sold.

A 1½% late payment penalty will be applied to account balances not paid within twenty-five (25) days after the postmark date of the bill in accordance with Rule 8 (H).

6-inch	Meter	425.00	1.355	Infinite

#### TERMS AND CONDITIONS

Service discontinued for delinquency of bills will be restored only after all due bills are paid in full, redeposit made, if required, and a service charge of \$25.00 paid for each service re-established during regular working hours. A \$40.00 service charge will be made for each service re-establishment during the Company's non-regular working hours.

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from service under this Schedule, or on the basis of the service provided or the volume of water produced, purchased or sold.

Per Sprinkler Head		0.51	-	-	-	-

#### Taxes

This rate shall be subject to its proportionate part of any taxes and governmental imposts that are assessed on the basis of gross revenue of this District.

#### Special Conditions

1. Private fire protection service will be provided only if the customer purchases his entire water supply from this District.
2. The customer will pay, without refund, the entire cost of installing the service connection from the nearest main of adequate size to serve a private fire protection system in addition to all other normal service. If a private fire hydrant is installed, the customer will pay, without refund, the entire cost of installing the fire hydrant.

**Private Fire Protection FP-1 (continued)**

**Special Conditions (continued)**

3. The maximum diameter of the service connection will not be more than the diameter of the main to which the service is connected. The maximum diameter of a fire hydrant connection will not be more than the diameter of the main to which the fire hydrant is connected.
4. The customer's installation must be such as to separate effectively the fire sprinkler system from that of the customer's regular water service. As a part of the sprinkler service installation, there shall be a detector check or other similar device acceptable to the Company that will indicate the use of water. Any unauthorized use will be charged for at the regular established rate for general metered service, and may be grounds for the Company's discontinuing the fire sprinkler service without liability to the Company.
5. There shall be no cross-connection between the fire sprinkler system supplied by water through the Company's fire sprinkler service to any other source of supply without the specific approval of the Company. This specific approval will require, at the customer's expense, a special double check valve installation or other device acceptable to the Company. Any such unauthorized cross-connection may be grounds for immediately discontinuing the sprinkler system service without liability to the Company.
6. The Company will supply only such water at such pressure as may be available from time to time as the result of its normal operations of the system. The Company shall not be liable to any party at any time under any circumstances for any damages resulting from high or low water pressure, failure of water supply or malfunction, failure or inadequacy of equipment, regardless of the cause of any such pressure, malfunction, failure or inadequacy.

### Miscellaneous MISC-I

This District is authorized to charge the following miscellaneous service fees:

#### Service Establishment, Reestablishment and/or Reconnection Change

As provided for in Rule No. 2 (D) the Company will charge the following rates for the establishment or re-establishment and/or reconnection or disconnection of water utility service:

	<u>Charge For Each Service</u>
A. Establishment or Re-establishment of Water Utility Service when:	
1. Not included with establishment or re-establishment of sewer utility services (the maximum charge for water and sewer establishment or re-establishment will be \$40.00)	\$25.00
2. Included as part of establishment or re-establishment of sewer utility services	\$20.00
B. Reconnection of Water Utility Service:	
1. During normal business hours	\$25.00
2. During non-business hours	\$40.00
C. Disconnection of Water Utility Service	\$25.00
D. NSF Check	\$25.00
E. Deferred Payment, per Month	1.50%
F. Meter Re-read	\$25.00
G. Charge of Moving Customer Meter – Customer Requested per Rule R14-2-405B	Cost
H. Late Charge per Month	1.50%

**Miscellaneous MISC-1 (continued)**

**Meter Testing Charge**

As provided for in Rule No. 7(f) the Company will charge the customer \$10.00 for testing a meter upon the customer's request. However, if the meter is found to be over-registering by more than three percent (3%), no meter-testing fee will be charged to the customer.

**Service and Meter Installation Charges**

As provided for in Rule No. 4 (B), the Company will charge the customer, as a refundable advance in aid of construction, an amount for each meter and service line as specified below:

1. Service Line and Meter Installation Charges:

<u>Meter Size</u>	<u>Service Line Installation Charges</u>	<u>Meter Installation Charges</u>	<u>Total</u>
5/8 X 3/4-inch	\$370	\$130	\$ 500
3/4 -inch	\$370	\$205	\$575
1-inch	\$420	\$240	\$660
1 1/2 -inch	\$450	\$450	\$900

2-inch Compound	\$580	\$1,640	\$2,220
3-inch Turbine	\$745	\$1,420	\$2,165
3-inch Compound	\$765	\$2,195	\$2,960
4-inch Turbine	\$1,090	\$2,270	\$3,360
4-inch Compound	\$1,120	\$3,145	\$4,265
6-inch Turbine	\$1,610	\$4,425	\$6,035
6-inch Compound	\$1,630	\$6,120	\$7,750

**Special Conditions**

Company shall collect income taxes on the service line and meter installation charges. Any tax collected will be refunded each year that the meter deposit is refunded.

**ARIZONA-AMERICAN WATER COMPANY**

**NOTICE OF FILING REVISED TARIFFS**

The Arizona-American Water Company ("Arizona-American") and Staff recently discovered some minor, non-substantive discrepancies between Mohave Water and Mohave Wastewater Districts' revised tariffs filed by Arizona-American on May 22, 2007, and the schedules of rates and charges approved in Decision No. 69440 ("Decision"). Arizona-American hereby files the attached Mohave Water and Mohave Wastewater Districts' revised tariffs containing the schedules of rates and charges approved in the Decision.

**RESPECTFULLY SUBMITTED** on June 11, 2008.

**Special Conditions (continued)**

3. The maximum diameter of the service connection will not be more than the diameter of the main to which the service is connected. The maximum diameter of a fire hydrant connection will not be more than the diameter of the main to which the fire hydrant is connected.
4. The customer's installation must be such as to separate effectively the fire sprinkler system from that of the customer's regular water service. As a part of the sprinkler service installation, there shall be a detector check or other similar device acceptable to the Company that will indicate the use of water. Any unauthorized use will be charged for at the regular established rate for general metered service, and may be grounds for the Company's discontinuing the fire sprinkler service without liability to the Company.
5. There shall be no cross-connection between the fire sprinkler system supplied by water through the Company's fire sprinkler service to any other source of supply without the specific approval of the Company. This specific approval will require, at the customer's expense, a special double check valve installation or other device acceptable to the Company. Any such unauthorized cross-connection may be grounds for immediately discontinuing the sprinkler system service without liability to the Company.
6. The Company will supply only such water at such pressure as may be available from time to time as the result of its normal operations of the system. The Company shall not be liable to any party at any time under any circumstances for any damages resulting from high or low water pressure, failure of water supply or malfunction, failure or inadequacy of equipment, regardless of the cause of any such pressure, malfunction, failure or inadequacy.

### Miscellaneous MISC-1

This District is authorized to charge the following miscellaneous service fees:

#### Service Establishment, Reestablishment and/or Reconnection Change

As provided for in Rule No. 2 (D) the Company will charge the following rates for the establishment or re-establishment and/or reconnection or disconnection of water utility service:

- |    |                                                                                     |         |
|----|-------------------------------------------------------------------------------------|---------|
| A. | Establishment or Re-establishment of Water Utility Service when:                    |         |
|    | 1. Not included with establishment or re-establishment of sewer utility services    | \$25.00 |
|    | 2. Included as part of establishment of sewer utility services                      | \$20.00 |
|    | 3. The maximum charge for water and sewer establishment or re-establishment will be | \$40.00 |
| B. | Reconnection of Water Utility Service:                                              |         |
|    | 1. During normal business hours                                                     | \$25.00 |
|    | 2. During non-business hours                                                        | \$40.00 |
| C. | Disconnection of Water Utility Service                                              | \$25.00 |
| D. | NSF Check                                                                           | \$25.00 |
| E. | Deferred Payment, per Month                                                         | 1.50%   |
| F. | Meter Re-read                                                                       | \$25.00 |
| G. | Meter Test                                                                          | \$10.00 |
| H. | Charge of Moving Customer Meter --<br>Customer Requested per Rule R14-2-405B        | Cost    |
| I. | Late Charge per Month                                                               | 1.50%   |
| J. | Deposit Required (Residential)                                                      | *       |

**Miscellaneous MISC-1 (continued)**

**Meter Testing Charge**

As provided for in Rule No. 7(f) the Company will charge the customer \$10.00 for testing a meter upon the customer's request. However, if the meter is found to be over-registering by more than three percent (3%), no meter-testing fee will be charged to the customer.

**Service and Meter Installation Charges**

As provided for in Rule No. 4 (B), the Company will charge the customer, as a refundable advance in aid of construction, an amount for each meter and service line as specified below:

1. Service Line and Meter Installation Charges:

<u>Meter Size</u>	<u>Service Line Installation Charges</u>	<u>Meter Installation Charges</u>	<u>Total</u>
5/8 X 3/4-inch	\$370	\$130	\$ 500
3/4 -inch	\$370	\$205	\$575
1-inch	\$420	\$240	\$660
1 1/2 -inch	\$450	\$450	\$900
2-inch Turbine	\$580	\$945	\$1,525
2-inch Compound	\$580	\$1,640	\$2,220
3-inch Turbine	\$745	\$1,420	\$2,165
3-inch Compound	\$765	\$2,195	\$2,960
4-inch Turbine	\$1,090	\$2,270	\$3,360
4-inch Compound	\$1,120	\$3,145	\$4,265
6-inch Turbine	\$1,610	\$4,425	\$6,035
6-inch Compound	\$1,630	\$6,120	\$7,750

### **Foothills System Tariff FST-1**

#### **Facility Construction Advance**

All new development (herein defined to be two (2) or more new residential dwelling units and all new commercial units) shall be subject to a refundable advance in aid of construction per residential dwelling unit or equivalent thereof as follows:

Foothills System                      \$350.00

For purposes of calculating equivalent residential dwelling units:

- a) An equivalent residential dwelling unit equals the use of 202 gallons per day.
- b) Each washing machine in a commercial laundromat shall be equivalent to two (2) residential dwelling units for purposes of calculating facility construction advances.
- c) Each designated parking space in a recreational vehicle park shall be equivalent to forty-three percent (43%) equivalent residential dwelling units for purposes of calculating facility construction advances.
- d) Each motel room, excepting efficiency type units, which are equivalent to one residential unit, shall be equivalent to thirty-nine percent (39%) equivalent residential units for purposes of calculating facility construction advance.
- e) All commercial and industrial facilities will be determined by the required water usage divided by 202.

#### **Terms and Conditions**

Subject to the terms and conditions of the Foothills System Tariff and the applicable rules, regulations and conditions of the Mohave Water District of Arizona-American Water Company and the Arizona Corporation Commission.

Terms and Conditions

Water service provided under this rate schedule is subject to this District's Rules and Regulations and may be subject to this District's Miscellaneous Service Charges set forth in Rate Schedule MISC-1.

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from service under this Schedule, or on the basis of the service provided or the volume of water produced, purchased or sold.

A 1½% late payment penalty will be applied to account balances not paid within twenty-five (25) days after the postmark date of the bill in accordance with Rule 8 (H).

Decision No. 68183

Sun City Water District  
(Name of Service Area)

**Miscellaneous MISC-I**

This District is authorized to charge the following miscellaneous service fees:

**Service Establishment, Reestablishment and/or Reconnection Charge**

As provided for in Rule No. 2 (D), the Company will charge the following rates for the establishment or reestablishment and/or reconnection of Water Utility Service:

- |                                  |          |
|----------------------------------|----------|
| 1. During normal business hours. | \$ 30.00 |
| 2. During non-business hours.    | \$ 40.00 |

**Insufficient Funds NSF) Check Charge**

As provided for in Rule No. 8 (F), the Company will charge the customer \$10.00 for each instance the customer tenders payment for service with insufficient funds check.

**Customer Requested Meter Reread Charge**

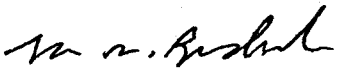

As provided for in Rule No. 7 (C), the Company will charge the customer \$5.00 for customer requested meter rereading, provided that the original reading was not in error.

**Meter Test Charge**

As provided for in Rule No. 7 (F), the Company will charge the customer \$10.00 for testing a meter upon the customer's request. However, if the meter is found to be over-registering by more than three percent (3%), no meter-testing fee will be charged to the customer.
